## INTRODUCTORY.

---

OFFICE WESTERN PUBLISHING CO., }  
146 South Water Street, Chicago, }  
April 21st, 1868. }

In presenting this, the first volume of HOLLAND'S BLOOMINGTON CITY DIRECTORY to the citizens and business men of Bloomington, we feel a *justifiable* pride in being able to furnish such a handsome and reliable Book. We have spared no pains or expense in Printing and Binding this work to insure ACCURACY, and BEAUTY of appearance. We feel confident our patrons will be satisfied with our endeavors. A comparison with the former Directory is asked. In the Directory issued in 1866, there were 2970 names; in the present work, there are 4200, a gain of 1230 names. Multiplying the number of names by 4, the usual figure, we find the population amounts to 16,800. Our census made only 14,980; but non-residents and transients were not included in the latter figures. With many thanks to Gen. G. A. Smith, J. P. Lott Andrew Ernst, D. S. Sweeny, John Ollis, Mitchell, Fordice & Co., the Bloomington *Pantagraph*, the Bloomington Manufacturing Company, and others who have kindly given us their countenance and patronage, and assuring all that we shall redouble our efforts on our next Directory,

We remain, very respectfully,

WESTERN PUBLISHING COMPANY,

PUBLISHERS.

## HISTORICAL AND BUSINESS REVIEW.

### ITS PROGRESS AND PROSPECTS.

Bloomington is a flourishing city in McLean County, of which it is the county seat. It is pleasantly situated on the Chicago, Alton & St. Louis R. R., and is distant from Chicago 126 miles; from St. Louis 154 miles, and from Springfield, the Capital of the State, it is distant 59 miles. Bloomington is becoming a Railroad centre of some importance. The Illinois Central Railroad, the St. Louis, Jacksonville & Chicago Railroad, and the Chicago, Alton & St. Louis Railroad, all run through the city, and more extended railroad facilities are expected in a little while. We confidently look forward to this city occupying an enviable position among our inland cities as a manufacturing and enterprising place; the shops of Chicago Alton, & St. Louis R. R., are located in the city, and afford employment to several hundred persons. Speaking of this company, we may here mention a fact that is becoming pretty generally known, viz: that the above company is managed in a most admirable manner; no improvements in Railroad traveling are invented but what are at once adopted by the Chicago & Alton R. R. *Pullman's Celebrated Palace Sleeping Cars* are run on their night express trains, thus affording the best accommodation for travelers to be found.

Bloomington is beautifully laid out on the border of Blooming Grove, occupying a high rolling site, affording the most ample facilities for good drainage &c.; the surrounding country is rich in groves and trees, beautiful residences and farms, while the soil is of a very rich nature, and yields abundantly of almost everything, conducive to the wants, and even some of the luxuries of life.

A little more than thirty years ago, the spot on which the City of Bloomington stands, was nothing but a wild and unbroken prairie. This ground was purchased from the United States Government, by James

Allin, sen. Mr. Allen succeeded at the session of the Illinois State Legislature in 1830-1, in getting a bill passed, organizing the then new County of McLean, with such boundaries as to make this spot the best and most appropriate for the County Seat. When the Commissioners came to lay off the new County, Mr. Allin proposed to donate about 30 acres for the County Seat, which offer was duly accepted, and the town of Bloomington located. On July 4th, 1831, a public sale took place at which a large number of lots were sold at prices varying from \$5 to \$50; this was the first Fourth of July celebration ever held in Bloomington, although many celebrations of that glorious day have been held since.

The year 1850 is memorable in the annals of Bloomington, for in this year her inhabitants cast off the name of Town and obtained a City Charter, the total population then being 1611: the number required to enable the citizens to procure the city charter being 1500.

Since the above year, the population of the city has been steadily increasing, till we find in the year 1865, the census taken by Mr. N. H. Pike, made the city contain a population of \$10,000 souls. The following table will be of interest.

In 1834, census taken by Allen Withers.				Population,	180
"	1836,	"	"	"	450
"	1845,	"	J. E. Parke,	"	800
"	1850,	"	Wm. McCullough,	"	1,611
"	1855,	"	E. B. Mitchell,	"	5,000
"	1860,	"	John Dawson,	"	8,000
"	1865,	"	N. H. Pike,	"	10,000
"	1868,	"	Western Pub. Co.,	"	14,980

These figures show a remarkable increase in the population of the city during the last decade; and we think we are safe in saying that the year 1870 will find Bloomington with a resident population not far below 20,000 souls.

There are many fine edifices in the city, built in a substantial manner of brick, also a Court House of elegant design occupying a site near the centre of the city.

The *Journal* says: "Although the wholesale trade of Bloomington is yet in its infancy, comparatively speaking, it has nevertheless attained such importance as to demand of public journalists special notice on 'general principles,' as one of our prominent city interests, affecting all classes to a greater or less extent. We believe in Bloomington as the great central point of trade for the interior of the State, made such by

natural peculiarities, the converging lines of travel and transportation, unbounded resources of the country surrounding, and the self-reliance and energy of the population within the city and county. It needs no prophet's ken to see in the near future the Indianapolis of Illinois, not only outstripping the central metropolis of Indiana, in all that goes to make up substantial greatness in a city, but also commanding, by the very necessity of the case, the great bulk of trade through a score of counties in the vast prairie district.

"Not only so, but the 'Strong Northwest' is now, as heretofore, bounding along the highway of prosperity and permanent glory, developing her hidden resources in a constantly accelerating ratio. A metropolitan journal, in contrasting the business stagnation of the East with the business activity of the West, truly says: 'While the Southern States send up a piteous cry for relief from almost universal destitution, and the manufacturing and commercial States of the East are pervaded by a general feeling of depression, it is a comfort to know that there is one country—and that a considerable one—where prosperity and financial soundness is the rule, and poverty and depression the exception. We refer to the Northwest, and include in the designation the States of Indiana, Michigan, Illinois, Wisconsin, Iowa and Minnesota—formerly included in the "Northwest Territory"—and now the homes of between seven and eight millions of the most energetic people within the United States.'

"Located in the very heart of this prosperous region, with five of the most important lines of railroad in the State, either built or soon to be built, all intersecting at this point, Bloomington stands pre-eminently favored of inland cities in respect of trade and traffic in all departments of merchandize. Having been at considerable pains to visit the various wholesale houses in the city, we are enabled to lay before our readers some facts and figures of general interest to all business men, particularly to retail dealers in our neighboring towns and villages.

"The fact that our jobbers can duplicate St. Louis and Chicago bills on nearly every kind of goods having a standard value, is becoming pretty generally known, and we notice with pleasure a growing disposition on the part of merchants in this section of the State to make their purchases in Bloomington. By bestowing their patronage here at the principal point in the region in which they do business, they are always within reach of their 'base of supplies;' they can stock up often; frequently open fresh goods, and last, but not least, the plan of buying goods as they are wanted, for cash or short time, enables the retailer to effect a saving in discounts, which jobbers are always willing to allow

These are facts that should be borne in mind, as they are very essential to success in a business point of view."

Net Earnings, - - - - - \$1,743,733.42

The gross earnings exceed those of the preceding year by \$197,708.62, or about  $5\frac{1}{2}$  per cent. The receipts from Passenger Traffic being \$36,588.92 less, and from Freight Traffic \$234,297.52 more than in 1866.

The increased amount of earnings from Freight Traffic is mainly due to the accession of business from the St. Louis, Jacksonville and Chicago Road since its connection with your line at Bloomington, on the 23d of September last. Although the two lines were connected at that date, the remaining three months of the year were occupied by the St. Louis, Jacksonville and Chicago Company in constructing sidings and station buildings, and in procuring rolling stock necessary for the transaction of its business. The amount of traffic contributed to your line was, therefore, much less than it would have been, had that Company been fully prepared for business when the connection was made.

The amount of your earnings in joint business with that line, received mainly during the last three months of the year, was, exclusive of the 10 per cent. bonus paid to them as per contracts dated January 25th,

1864, as follows: On Passenger Traffic, \$40,950.08; on Freight Traffic, \$214,514.05; making an aggregate of \$255,464.13.

While the cash receipts from Passenger Traffic on your line are less, the number of passengers carried exceeds that of the preceding year by 14,674: the number in 1866 being 516,543, and in 1867, 531,217; the increase being in local traffic.

The number of Local or Way Passengers carried in 1866 being 477,578, and in 1867, 494,601, showing an increase of 17,023, or about  $3\frac{1}{2}$  per cent. The proportion between the number of Way and Through Passengers being 93 per cent. of the former to 7 per cent. of the latter.

The average amount of fare paid by Way Passengers during the year, is found to be one dollar and seventy-one cents.

The increased tonnage of freight in 1867 over 1866, is equal to nearly 18 per cent. The proportion between Through and Local Freight being 12 4-10 per cent. of the former, to 87 6-10 per cent. of the latter.

On the 14th of February, the bridge on your line over the Kankakee River—550 feet in length—was destroyed by a freshet of unparalleled magnitude. At that point the river runs with great rapidity over a bed of rocks, and by reason of the continued high stage of water, accompanied by masses of ice, it was found to be impossible to construct a temporary bridge for the passage of trains earlier than the 8th of March. During the time when your Railway was thus practically severed in twain, your Company suffered a loss in traffic which has been estimated at \$150,000.

The coal traffic of your line is yet in its infancy. Beginning in 1865 with 6,000 tons, it increased in 1866 to 71,090 tons, and in 1867 to 146,050 tons. A large number of new mines are being opened, from which an increased amount of coal will be taken the present year.

This branch of our traffic is one that must be specially cared for. The coal upon your line, when mined extensively and cheaply, as it soon will be, if proper encouragement is afforded, will contribute largely to your future income, and diminish operating expenses, by reducing the cost of fuel burned upon your locomotives.

It will not only contribute to enhance the value of your property as already stated, but an All-Wise Providence has placed an almost continuous deposit of coal below a soil unsurpassed in fertility, for a distance of two hundred and thirty miles, traversed by your railway. Cheap fuel has heretofore appeared to be the only essential element lacking to insure a continued and rapid development of the country, and that has now been discovered in inexhaustible quantities.

The northern portion of this immense coal field is much nearer to Chicago than any other, (being only 55 miles,) and your Railway will at no distant day, be the means of transporting nearly all the coal consumed in that city.

The foregoing statements, indicating the character of the present and prospective traffic of your line, are made that you may see how largely the value of your property is based upon local traffic, which is subject to few contingencies of an adverse character as compared with through traffic, which is liable to be diverted upon other lines. It may also be observed that the traffic of the St. Louis, Jacksonville and Chicago line is derived wholly from local sources. That Road runs through the oldest settled portion of the State, traversing a country as rich and fertile as that of any part of your line. It is therefore but reasonable to assume that it will, in years to come, contribute to your line a much larger amount of traffic than the earnings heretofore, under adverse circumstances, would indicate, and that the character of that traffic—being local—will be as reliable as that of your own line.

It will be observed that while the general business of the country from which your earnings are derived, is gradually approaching its normal condition—involving a reduction of rates in some cases—it is increasing in amount, so as to more than compensate for the reduction.

While the business of your line is, perhaps, more equal in amount throughout the year than that of any other Western line, all roads which are largely dependent upon the products of the soil for traffic, have much larger demands upon them for transportation during certain seasons of the year than at others. This fluctuating demand must be met in some degree, or great loss is occasioned to the Company and its patrons.

Your traffic requires an additional number of locomotives and cars, which it is the intention of the Directors to obtain as early as practicable.

On the night of November 1st, the main machine and car shops of the Company, located at Bloomington, were destroyed by fire, involving a loss estimated at \$124,634.59, of which \$97,000 was covered by insurance. The loss has occasioned great inconvenience, and has interfered with our plans for the construction of cars during the present winter.

It is the intention of the Directors to build fire-proof buildings on an enlarged and better arranged plan than before, to take the place of those destroyed. Additional grounds are being obtained for this purpose, under an arrangement with the city of Bloomington, which provides that the cost of the same shall be refunded to your Company within two years, with ten per cent. interest.

The number of Locomotives owned by your Company is 72, five having been added during the year.

The whole number of Cars owned by your Company is 1406, as follows: Passenger Cars, 34; Baggage and Express Cars, 15; House Freight Cars, 773; Stock Cars, 238; Platform Cars, 344; Wrecking and Tool Cars, 2; Freight Cars of all descriptions, 1355.

The bridge before referred to as having been destroyed at the crossing of the Kankakee River, and the bridge over Hickory Creek (near Joliet), 104 feet span, have each been replaced with iron structures of the most substantial and durable character. In the former case, the grade of the railway has been raised to an elevation which it is believed must place the bridge out of all danger from future freshets.

Four thousand five hundred and sixty tons of re-rolled rails, 3,260 tons of repaired rails, and 104 tons of steel rails, together, with 135,757 new cross-ties have been placed in the track during the past year, and the condition of the permanent way and rolling stock improved.

The investment of your Company (\$50,000) in the Union Stock Depot at Chicago, yields a direct return of ten per cent. per annum, and incidental advantages to your line, in common with others of much greater importance, in promoting your traffic in the transportation of live stock.

T. B. BLACKSTONE,

CHICAGO, Feb. 12th, 1868.

### Table showing amount of Freight shipped from Bloomington via C. & A. R. R.

Unenumerated articles, lbs., 9,183,214; Wheat, lbs., 2,494,040; Corn, lbs., 16,211,288; Oats and Barley, lbs., 3,716,923; Flour, lbs., 2,896,32; Lumber, lbs., 193,976; Merchandise, lbs., 2,818,632; Horses and Cattle, lbs., 4,876,750; Hogs, lbs., 3,494,000; Coal, lbs., 200,000

These figures give a grand total of 45,278,455 lbs. of freight, moved by the above Company from Bloomington station during the year 1867.

The passenger traffic was also immense. Below we give the figures as taken from the subjoined Report:

Number of passengers going South, 11,707; Am't. \$25,723.15. Number of Passengers going North, 14,293; Am't, \$30,201.30. Total Passengers, 26,000; Total amount, \$55,924.45.

These totals are only exceeded by one station on the line between Chicago and St. Louis, viz: Springfield, the Capital of the State, which only exceeds by \$38,000, while St. Louis herself, the Southern terminus of the C. & A. Road, exceeds by only \$21,000. We think this a

very flattering exhibit of the business and importance of the City of Bloomington, and cannot close this short notice without giving it as our humble opinion that Bloomington will continue to grow even more rapidly than heretofore.

### **The Ashley House.**

The Ashley House is an imposing brick structure, occupying nearly a block, is four stories high, and is lighted with gas; this house is kept in splendid style by General G. A. Smith & Co. We commend this house to the traveling public. The Ashley House is situated on the corner of Centre and Jefferson Streets.

### **St. Nicholas Hotel.**

The St. Nicholas Hotel is another really well kept house, and is much better than the generality of country hotels. Since the house has been under the management of those well known hosts, J. P. Lott & Co., the patronage has increased in a wonderful manner. Our friend Jacob Wright, long and favorably known in Bloomington, is the chief clerk at the St. Nicholas. We cannot but feel that J. P. Lott & Co. are doing all in their power to merit a share of the public patronage. The St. Nicholas is situated on the corner of Front and Madison Streets.

**THE DAILY AND WEEKLY PANTAGRAPH**.—This is a well established paper, the oldest in Bloomington, the WEEKLY now being in its twenty-second year and the DAILY in its eleventh year. It is one of the largest papers in the State, well supported, of sterling merit, and ably edited. It is Republican in politics, and the official organ of the City and County.

Connected with this Printing House, is a large and complete Job office, possessing great facilities for book and job work of every style and price. This House enjoys a high reputation for the excellence of its work in this line, having repeatedly taken the first premiums in competition at State Fairs in this and neighboring States. The proprietors, Messrs. Scibird & Waters, are energetic and thorough business men, and as such, we commend them to the public.

Terms of the Daily are \$10, per year to mail subscribers or 20 cts. a week delivered by carrier. The Weekly is \$2.00 a year in advance.

**THE BLOOMINGTON JOURNAL** is published every Friday by A. J. GOFF & Co. Terms of subscription.—One year, by carrier or mail, in advance, \$2, for six months \$1.25; Clubs of fifteen for one year, \$25.

# GENERAL EDITORIAL REVIEW:

Bloomington, in proportion to her size, has a large number of manufactories and solid business houses—her merchants and dealers are widely known as enterprising, prompt, and fair-dealing men—those in the country dealing in Bloomington, seldom find it profitable or desirable to change to any other city, and as during the next one or two years a large increase may reasonably be expected in the trade of the city with the more remote parts of the State, we deem it not out of place to point out to our readers a few of the places where first-class goods are kept, and where reliance may be placed upon representations that may be made, either with regard to price or quality.

Let us say right here, that the following notices ARE NOT PAID FOR IN ANY INSTANCE—they are free of charge, and are intended to act as a guide to intending purchasers, showing where they may rely upon being treated honestly and fairly. We don't believe much in PAID PUFFS, and prefer to give our space GRATIS, thus leaving us free and unfettered to say just what we think about our patrons and those whose advertisements will be found in the pages of this Directory.

There are many we would be pleased to notice in a more extended manner; but our space forbids our entering into this matter at greater length. Among the most popular and prominent houses, we may mention the following:

## THE BOOK-BINDERY OF ANDREW ERNST.

HOME ENTERPRISE.—To one who has witnessed the growth and improvements in Illinois for near a third of a century, it is very gratifying to notice the advance made in the various mechanical branches. But a few years since, many kinds of work had to be ordered from the East, or from the larger cities of the West. Now, mechanics of superior skill and enterprise are finding localities in the West, where their worth and work are appreciated, and we are no longer compelled to depend upon the East or send money from the country to enrich eastern mechanics. These reflections are induced by witnessing a specimen of artistic skill made by our townsman, Mr. A. Ernst, which will compare favorably with work of the kind done any where. I allude to 2 volumes of the "National Portrait Gallery," belonging to Mrs. Gen. Gridley, and bound by Mr. Ernst in Turkey Morocco and gilded and lettered in a style far surpassing anything of the kind I have ever seen of western manufacture. Mr. Ernst has recently opened a bindery in this city, where the various kinds of work are done as desired. As a Bloomingtonian, I feel proud of such an exhibition of mechanical skill in our city, and am pleased to learn that Mr. Ernst finds such encouragement as his superior workmanship demands.

A. BLOOMINGTONIAN.

ARTISTIC.—Stepping into the new Book bindery of Mr. Ernst, our eye caught a sample of work that, for artistic excellence, would be hard to beat any where. It was a music book bound in Turkey morocco for Mrs. C. C. Harlan, with beautiful marble edging, panel sides and sunk work, executed with rare skill. Mr. Ernst, we believe, is the only one in Central or Southern Illinois, who does marbling and work of this superior style.

## THE BLOOMINGTON MANUFACTURING COMPANY.

The Bloomington Manufacturing Company have been established about 16 years, and are extensively engaged in manufacturing agricultural implements, sash, doors, blinds, mouldings, building material of all kinds, and general machinery. They are also iron founders, and do a heavy business in all of the above lines. This is an old established company, and they have won a reputation for honesty and fair dealing, second to none in Bloomington.

## D. S. SWEENEY, LUMBER, GRAIN AND COAL.

We call attention to the fact that Mr. D. S. Sweeney's is one of the best places at which to purchase lumber, grain, lime or coal. Sweeney's stock is always large, while his prices and the quality of his goods defy competition. He is located at no 1217 West Market. Mr. Sweeney has been established in business for about eight years, and does a very heavy trade.

## IRON AND BRASS FOUNDER.

Our friend John Ollis, is located on the corner of Allen and North streets. He is engaged in the building of Steam Engines, and General Machinery. We know this house to be one of the very best, and advise all wishing to be honestly dealt by, to call on Mr. Ollis; his work is the best and most substantial, while his rates cannot fail to satisfy all. Give this house your patronage.

## MITCHELL, FORDICE &amp; CO.

This well known and reliable firm, are located at the corner of Market and Howard streets, where they keep a large and choice stock of lumber, shingles, doors, sash, salt, lime, cement &c. When requiring any of the above articles, you will consult your own interest by calling on Mitchell, Fordice & Co., before placing your orders.

## HEALING THE SICK.

We feel it our duty to call the attention of the public to the fact that Mrs. Dr. J. E. Worth, the celebrated lady physician, is now permanently located at the corner of Front and Centre streets over Pearson & Moore's Drug Store. Mrs. Dr. North has won a reputation in Chicago and elsewhere, that she may well be proud of, she having performed some of the most wonderful cures. Let all the afflicted (from whatever complaint,) call at once and secure relief before it is too late.

"REMARKABLE CURE.—In former issues of the Journal we have had occasion to notice Mrs. Dr. Worth, who recently opened an office at the corner of Front and Centre streets. Last week she was consulted by Mr. S. B. Hays, agent of the McCormick Reaper Company for Champaign county, who had been very deaf for sixteen years. After a brief course of treatment, Mrs. Worth took from his ear a grain of wheat, together with the beard attached, since which time Mr. Hays has entirely recovered his hearing. It is one of the most remarkable cures on record, and goes far to substantiate Mrs. Worth's claim to public confidence as a physician who understands the treatment of such diseases as she makes a speciality."—*Bloomington Journal*, April 3d.

## DR. BRANDOM'S EYE INFIRMARY.

Dr. Brandom, Physician and Oculist, is located permanently in Bloomington, and may be found at the corner of Front and Centre streets. The Dr. has had eleven years practice in the treatment of diseases in all its various forms, and is peculiarly successful in all the cases he takes in hand. He makes a specialty of all diseases of the Eye, and those suffering from whatever cause, cannot do better than call on the Dr. and get cured.

## E. W. BRAY, MASTER BUILDER.

Those having contracts for building to let, buildings to put up, or wishing estimates for the same, or any kind of carpenter work that they wish well and cheaply done, should call on E. W. Bray, at 208 W. Washington street.

## DALTON &amp; CO., YANKEE NOTIONS.

This firm are engaged in the wholesaling of Yankee Notions, Fancy Goods, Toys, Children's Carriages, Stationery, &c., they have an enviable reputation for fair and straightforward dealing. All those country merchants who read this, together with all others, should call on this firm before placing their orders.

## B. L. LUCAS &amp; CO'S. DRY GOODS HOUSE.

Is located at 216 Centre street. We saw on a recent visit, piles of dry goods, which reminded us of stocks we had seen in Chicago and elsewhere. For quality and quantity, we thought it would be a hard matter to ask for anything in the line of dry goods that could not be found in this beautiful store. A full assortment of hosiery, gloves, yankee notions, ribbons, &c., &c., are kept constantly in stock.

## HAYES &amp; EVANS, MASTER BUILDERS.

These gentlemen have been in business about twelve years and are master builders, also manufacturers of and dealers in sash, doors, blinds, window frames, mouldings, and all kinds of dressed lumber, hand rails, Newell posts, Bannisters, scroll-sawing and all kinds of mill work done to order. They are located at No. 511 N. Center street. Give them your patronage.

## W. H. ASHTON, BOOTS AND SHOES.

We present the following extract from the *Bloomington Journal* of April 3d, 1868, as showing what friend Ashton can do. He has no rent to pay, and sells his goods fifteen to twenty per cent lower than other houses:

"Perhaps it may seem to be encroaching upon the domain of the manufactures to some extent, but we will venture to class among our jobbers W. H. Ashton, lately in Ashley Block, but now opened on an enlarged scale on Chestnut street, near the Western Depot. Their stock of boots and shoes is chiefly of their own manufacture, thus guaranteeing good work to the purchaser. All orders filled to the trade at a liberal discount."

## W. P. MINTER, MASTER BUILDER.

Mr. Minter enjoys the reputation of being thoroughly conversant with every branch of his profession, and has long had the full confidence of the public. We can only as-

sure all that Mr. Minter will merit a continuance of the favors which have been so liberally bestowed upon him. He deals largely in sash, doors, blinds, paints, oils &c., and engages to do all kinds of carpenters' work in a prompt and artistic manner. Give him a call.

#### A. W. GRIDLEY, PROP'R. RED MILLS.

Persons looking for a good quality of flour, feed, shorts, bran, buckwheat flour, &c., may always find the best at the Red Mills. Mr. Gridley has the reputation of being an honest fair dealing man, and should certainly receive a good share of the public patronage. Mills west end of Market Street.

#### DRS. FARLEY & NICHOLS, OCULISTS &C.

These gentlemen occupy an enviable position in the medical world, they having performed some of most astounding cures of diseases of the Eye and Ear. We advise all to call and see them when necessity requires. Their rooms are south-west corner of Liberty Block.

#### REED & BARGER, CHINA, GLASS, AND CROCKERY.

The finest stock and largest assortment of all kinds of chinaware, glassware, and crockery, may always be found at our friends, Messrs. Reed and Barger. Their prices are so low that no other house in the city can successfully compete with them. They buy in New York direct from the importers, thus saving middle men's profits. The patterns are of the very latest design, and those visiting their store will see at once that Reed & Barger is the place for them to purchase anything in the above line. Let all city and country purchasers make a note of the above facts. Their store is No. 116 South Main.

#### AGLE & SONS, HIDES, PELTS AND LEATHER.

This firm are wholesale and retail dealers in leather, hides, pelts, shoe-findings, etc. They have a large and increasing trade, and we hear none deal with them, but to be satisfied with all representations which may be made, their store is 114 Front street. Don't forget to call.

#### DICK & HUNTER, CHOICE CIGARS AND TOBACCO.

We recently visited the store and manufactory of Messrs. Dick & Hunter, and saw a large stock of cigars, chewing and smoking tobaccos, snuffs, pipes and other articles used by smokers. Their stock of meerschaum goods is large and of excellent quality, while the prices of their goods appear really low. They are manufacturers of some fine brands of cigars, and have a large and growing city and country trade. We have used their make of cigars, and can testify to their fine flavor, and splendid make. We wish Messrs. D. & H. all the success their honesty and fair dealing entitles them to. They have two stores, 113 N. Centre and 304 Ashley Block. Don't fail to call.

#### MISSSES WALTON, PIANOS, ORGANS AND MELODEONS.

To all those wishing a good piano or melodeon, music, or any kind of musical merchandise, we say go to Misses Waltons, 105 Jefferson street. There will be found a large stock of musical instruments, sheet music, pianos, etc. We see no cause for those wishing pianos or other musical instruments, going away from home to purchase, when they can do better by buying of the Misses Walton. Just step in and see their Steinway & Bradbury pianos, they are really beautiful.

#### THOMAS J. WILLEVER, CHINA, GLASS, ETC.

At the store of Mr. Willever may be found a good assortment of China, Glass, Queenware, plated goods, cutlery, etc., etc. The store is 103 West Jefferson, and is well stocked. Don't fail to get friend Willever's prices before purchasing.

#### A. H. WORLEY, AGENT SINGER SEWING MACHINE.

We wish to direct all those who are trying to find the best sewing machine the market affords, to Mr. A. H. Worley, who is agent for the celebrated Singer Sewing Machines. The public have long since voted the Singer the very best machine for either families or manufacturing purposes. The office is 120 South Main street. Just call and see the beautiful work performed by these machines.

#### KRUM & ROBINSON, WHEAT, CORN, ETC.

This House is so well known for its honesty and fair dealing, that we don't think any thing from us necessary, still we will just remind the public that they are still in the field with the best and largest stock of everything in their line. They deal largely in wheat, corn, oats, salt, hides, dressed hogs, coal, lime, cement, lumber, sash, doors and

blinds, pickets, posts, etc., etc. If you want to be well and cheaply served, place your order with Krum & Robinson, they are still at their old quarters, No. 920 East Grove street.

#### CHURCH & MASON, GENERAL INSURANCE AGENTS.

These gentlemen represent none but reliable companies, which in these days of accident, both by fire, rail and water, is what every one should avail themselves of. It is no use insuring in companies with no assets: therefore go to the House of Church & Mason where you will find a selection of the best and soundest companies to be found anywhere. Their office is over the post office.

#### REEVES & SWANN, ATTORNEYS AND REAL ESTATE.

We call the attention of all to this reliable firm. They make abstracts of title in McLean County, are also general insurance agents and real estate dealers. Orders and business of any kind, in their line, cannot be placed in better hands. Their office is over the home bank.

#### DR. LOAR SAYS CANCER CAN BE CURED.

Now we don't know much about doctoring any way, but after hearing the Dr. talk we certainly felt convinced that if it was at all possible to cure cancer; Dr. A. Loar is the man for the job; in other words, that he is the right man in the right place. We do certainly find his reputation as a skillful practitioner to be A. No. 1, and we advise all those troubled with this worst of all diseases, to immediately call on Dr. Loar at his office, cor. Centre and Front streets; they will then be assured of a speedy cure, and all this is done without the use of the knife.

#### HARWOOD BROTHERS, HARDWARE.

The Harwood Brothers, No. 212 North Centre street, occupy the entire building, five stories high, inclusive of the basement. Their stock is truly immense, comprising everything known to the hardware trade, besides stoves and agricultural implements and machinery in endless variety. The house with a different firm name, is the oldest wholesale establishment of the kind in the city, and now ranks among the first in point of trade and stock, in the State.

#### J. A. McCaULEY, DIAMONDS, WATCHES AND JEWELRY.

J. A. McCauley has the largest and best stock of jewelry, watches and silverware in the city. The store is cram full of the richest, most choice and stylish articles to be found. Ladies, especially, should not fail to examine this stock, for whatever they wish, is sure to be found in stock at this enterprising House, while the prices are not higher than are charged for inferior qualities of jewelry, silverware, etc., etc. The store is 105 West Jefferson street.

#### M. L. MOORE, MANUF'R OF SADDLES AND HARNESS.

Custom work in saddles and harness from the finest, to coarse and substantial, in every style. Nothing but best material used; best workmen employed; and from an experience in the business in the city of 16 years, can warrant satisfaction. Remember the place, 105 North Main st., opp. McLean County Bank.

#### B. GRAY'S PHOTOGRAPH GALLERY.

We desire to call attention to the fact that Mr. Gray is located on the south west corner of the public square, and that his work is done in the most artistic manner possible. He makes pictures of every variety, size, and style, and to say they are *life like*, is but a poor compliment. They must be seen to be appreciated. Give Gray your orders.

#### MRS. G. W. JENKINS, MILLINERY AND STRAW GOODS.

At the store of Mrs. Jenkins may always be found a splendid line of Millinery and straw goods of all varieties and qualities. The prices are kept low, and Mrs. J. never misrepresents her goods. This is the very best place in town at which to purchase goods in the above line. Don't forget the place, it is No. 120, S. Main street. Dress and cloak-making is also done to order.

# HEALING THE SICK

WITHOUT MEDICINE!

## Mrs. Dr. J. E. WORTH,

OF CHICAGO,

*Is now permanently located at rooms over PEARSON & MOORE'S CLOTHING STORE, corner of Front and Centre streets,*

### BLOOMINGTON, ILL.

MRS. DR. WORTH has, by her peculiar organization and a constant effort in this direction, increased her attractive and repellant forces to an extent that she can and does impart to others the vitalizing, life-giving, and sustaining elements, thereby increasing or diminishing (as the case may require) the secretions and excretions, and in this way harmonize the entire human system. So powerful and natural is this mode, that many have been restored to health in an incredibly short space of time, who had for many years suffered from a disease which had been pronounced incurable by many able physicians of the different schools of Medicine. By this practice *all pain is removed*, and it takes but a few treatments to

#### CURE EVERY CURABLE CHRONIC DISEASE.

The following is a list of Diseases that are most certain to be cured:

Dyspepsia, Neuralgia, and all Female Weaknesses, St. Vitus' Dance and all other Nervous Diseases, Rheumatism, and all Diseases of the Heart, Lungs, Liver, Throat, Spleen and Kidneys, &c.; Asthma, Bronchitis, Cholera Morbus, Chronic Diarrhoea, Snake Bites, Scrofula, Cancers and Fits.

ALL DISEASES OF THE SPINE, (except Curvature, and in some cases even that has yielded to this treatment). CONSUMPTION, in its incipient stages, can be cured by this system, and all curable cases yield under this most wonderful and powerful of all systems of practice. Many cases of DEAFNESS and BLINDNESS have been cured by this treatment.

MRS. DR. WORTH'S CLAIRVOYANT POWERS are remarkable, she having been in possession of them from her infancy; and for the last twelve years she has given her attention to examining, locating and prescribing for disease, with wonderful success, which hundreds can testify to in the cities of Chicago and Ottawa, Ill. An examination will satisfy the most incredulous.

#### CONSULTATION FREE.

*Terms for Treatment always REASONABLE, and will be made known on application. OFFICE HOURS: from 8 o'clock A. M. to 8 P. M.*

Those not able to call at her office will be visited when desired.

MRS. DR. WORTH refers, by permission, to Esq. STEWART, ROBERT STEWART, MR. ENOCH MOORE, MR. J. E. HAYES; and many others.

# EYE INFIRMARY.

## DR. M. BRANDOM, PHYSICIAN AND OCULIST,

COR. FRONT AND CENTRE STREETS,

Bloomington,

Illinois.

—:O—O:—

DR. BRANDOM would respectfully announce that he has permanently located in this city for the practice of medicine. Having had eleven years experience in the treatment of all diseases peculiar to this climate, he feels confident he can give satisfaction to all who call upon him. With a view to making the treatment of the eye a specialty, he has opened an Eye Infirmary at the rooms above mentioned, and is prepared to cure all curable cases of

### SORE EYES.

His treatment is far superior to any other known or practiced, from the fact that it does not injure the Eye in any case. Can be used with perfect safety in all cases from the smallest infant to infirm age. It has cured worse cases and more of them, than any other treatment that is used. It has cured the most inveterate, unyielding cases of Granulated lids, of many years standing—cases which had only grown worse and become aggravated under the ordinary practice, viz: Bluestone and Nitrate of Silver, which will injure the eye in every case, sometimes causing permanent blindness. His remedies work like magic in Ulcerations and Opacity of Cornea. Healing the Ulcers, Removing the Opacity, and Restoring the Lost Sight where it had been pronounced HOPELESS BLINDNESS. Having treated hundreds of cases, including all the various diseases of PURULENT AND GONORRHEAL OPHTHALMIA, in all their various forms, he has never in a single instance been disappointed, but has met with universal success. Those unable to pay for treatment will, upon satisfactory evidence of the fact, be treated FREE OF CHARGE. He further proposes to give satisfactory evidence that he can cure in less than half the time of any other oculist in the West. He

### WARRANTS ALL CASES OF A CURABLE CHARACTER,

And does not require the patients to advance payments any faster than they receive benefit from treatment. Persons who are incurable will be informed of the fact when examined. He binds himself to cure all cases of a curable character. All letters of business must contain one extra postage stamp. Office—corner Front and Centre Streets, Bloomington, Ill. Office Hours—from 8 A. M. to 5 P. M.

# CANCER!

## CANCER CAN BE CURED.

**T**hat most distressing painful of all maladies is now under my control, as completely and certainly as a common sore. It has long been a desideratum to find an agent that would act in such a manner as to remove all semi-vital growths,

Without in the least Affecting the Sound Flesh.

We take great pleasure to inform all persons that such a remedy has been discovered, and those afflicted with that painful disease, CANCER, can be rescued from the grave in every case where the disease has not sapped the foundations of life.

*This Remedy acts Naturally and Promptly,*

extracting the cancerous tumor root and branch, leaving not one vestige behind.

There never has hitherto been discovered a remedy so harmoniously adapted to the treatment of cancerous and canceroid tumors.

It can be Applied with Safety to all forms of Cancerous Tumors, whether open and discharging their peculiar matter, or before they have reached that stage of the destructive process. It is

**USED WITHOUT THE USE OF THE KNIFE,**

without caustic ; no eating or burning ; without the loss of blood, and is the only known antidote to Cancer.

Internal Cancers of any of the accessible cavities, as of the womb, nose, throat and rectum, are amenable to the remedy.

Dr. L. warrants all cases of a curable character, and does not require patients to advance payment any faster than they receive benefit from treatment.

### Travelers correct guide to the best Hotels

**BOSTON, Mass.**—AMERICAN HOUSE, Hanover St. This truly excellent hotel is now unsurpassed for the extent of its accommodations, and the excellence and good taste with which it is furnished. It has just been newly furnished and painted, and put in the most complete order for the reception of its guests; great addition having been made to the house for the accommodation of families—suites of rooms, consisting of parlor, bed-room, bath-room, and closets, handsomely fitted up, with every convenience for their comfort. An elevator, or vertical railway, on the newest and most improved plan, has just been added, with waiting rooms on each floor; indeed, in all its appointments, conveniences, and improvements, it is not surpassed by any other house, and equalled by few. Lewis Rice, Proprietor.

**CINCINNATI.**—SPENCER HOUSE. This fine, large and well kept hotel, is situated on the corner of Broadway and Front Street, directly opposite the Little Miami and Ohio and Mississippi Railway Offices. Can accommodate 500 guests. J. A. Pratt, Proprietor; Samuel Johnson and J. G. Pitts, Clerks.

**CLEVELAND.**—WEDDELL HOUSE. This excellent hotel has recently been remodeled and enlarged, and is capable of accommodating 500 guests. It is situated in the centre of business, corner of Superior and Bank Sts. It is the largest and finest hotel in the city, and for comfort and convenience has not its superior. J. H. & A. W. KIRKWOOD, Proprietors. Assistants, Messrs. Bingham, Johnson and Segur.

**DETROIT, Mich.**—BIDDLE HOUSE. First class in all its appointments. Is situated in the centre of the business portion of the city, and having been considerably enlarged and thoroughly re-furnished offers superior attractions to the traveling public. Accommodations for over six hundred guests. AUGUST

**NEW YORK CITY.**—WESTERN HOTEL, Nos. 9, 11, 13 and 15 Courtland street. This large and convenient house is situated in the very heart of the business portion of New York. Is within a few minutes walk of all the ferries, and only about twenty paces

of TUS R. TABER, Proprietor.

**PHILADELPHIA.**—STATES UNION HOTEL. This hotel is pleasantly situated on the south side of Market St., a few doors above Sixth St. Its central locality makes it particularly desirable to persons visiting the city on business or pleasure. T. H. B. SANDERS, Proprietor.

**EAST SAGINAW, Mich.**—BANCROFT HOUSE corner of Genesee and Washington Streets. This house is reputed one of the best kept hotels in the West. The host, G. W. Wesley, Esq., has had large experience in hotel keeping, and the guests derive full benefit therefrom. Travelers will always find at this hotel, accommodations superior to any in the city, and at moderate rates.

**EVERETT HOUSE,** corner Genesee and Franklin Streets, East Saginaw, Mich. This commodious hotel is kept by those prince of hotel keepers, Messrs. Smith & Crouse, who have long enjoyed an enviable reputation. This hotel is as large and imposing a structure as many of our first class hotels in large cities, and the traveling public may rest assured of home-like comforts at this hotel, and the charges will always be as low as can be afforded.

**CHICAGO, Ill.**—BRIGGS' HOUSE. R. H. Skinner, Proprietor. This house is situated in the centre of business, and is convenient to all the R. R. Depots. Under its present management, the Briggs' House fully maintains the prestige it has so long enjoyed, and is emphatically a first class house in all its appointments, while the charges are moderate. George H. French is still the Superintendent.

from Broadway, where stages can be obtained to all parts of the city. The house has recently undergone improvement, and the proprietors can, with the utmost confidence, invite their friends and the public to visit the hotel, as they may be assured of family rooms with moderate charges. Suites of family rooms with modern conveniences. D. D. Winchester and Thomas D. Winchester, Proprietors.
